Projects

Quiz Application
Description: A responsive quiz app built using React and Bootstrap for an interactive user experience.
Key Features:
- Color-coded feedback for correct (green) and incorrect (red) answers.
- Dynamic score tracking and real-time updates.
- Offline functionality via service workers for persistent access.

To-Do List Application
Description: A responsive to-do list app built with JavaScript and Bootstrap, focused on task management and data persistence.
Key Features:
- Add, edit, remove, and mark tasks as completed.
- Data persistence using LocalStorage for saving tasks across sessions.
- Fully responsive layout using Bootstrap for optimal device compatibility.
